Cybersecurity Safeguards

Brownie Cybersecurity Badge — Girls Build Bots

Presented by your robotics mentors!

Today we PROTECT our information 🔒

Last time: how information travels.

Today: the **safeguards** that keep it safe.

A password is like a latch 🔐

Look at this treasure box!

- A **weak** latch → anyone can open it 😟
- A **strong** latch → your things stay safe 😊

A password is the latch on your information.

Strong or weak? 💪

Let's sort these **make-believe** password cards!

Weak 👎 - `1234` - `password`

Strong 👍 - Long - Mixed up - Silly — but you can remember it!

We NEVER share real passwords — not even with us!

Play Interland: Tower of Treasure 

Build strong “keys” through the game.

Remember the treasure box: **long and unexpected is strong.**

Ask a Grown-Up 🙋

For each card, vote: **safe**, or **stop and ask**?

- A pop-up says “YOU WON A PRIZE!” 🎁
- A game asks for your full name 📝
- Someone you don’t know sends a message 📨

Asking is a SUPERPOWER 

Stopping to ask a trusted grown-up is not “being a baby.”

It’s the **smart, strong** choice.

Real cybersecurity experts ask each other for help every day.

Robot moment 

Our team uses **strong passwords** to protect our robot code and our accounts.

Same safeguards — just for a robot!

My safeguards ✋

Name **one way** you'll keep your information safe.

- A strong password? 🔐
- Asking a grown-up? 🙋

You did it! 🎉

Today you: - ✅ Learned what a password does, and strong vs. weak - ✅ Built a strong make-believe password - ✅ Named when to stop and ask a trusted grown-up - ✅ Picked a safeguard you'll actually use

Thumbs up if you know what makes a password strong! 👍

Keep going at home! 

- **Be Internet Awesome / Interland:** beinternetawesome.withgoogle.com (free!)
- Ask a grown-up to check the latches on YOUR family's accounts
- Ask your troop leader about the next Cybersecurity badge!

📣 Share Your Impact

Troop leaders & robotics teams — if you used this curriculum, please:

1. **Credit us** — the curriculum comes from **Girls Build Bots**
2. **Tag us** — **@girlsbuildbots** on Instagram
3. **Report your results** — email **girlsbuildbots@gmail.com** with how many girls took part, how many badges were earned, and how it went

This is how the program grows — and how the next troop and team get better materials.
