Showcasing Robots 🌟

Brownie Robotics Badge — Girls Build Bots

Presented by your robotics mentors!

Meet a REAL robot! 

Our high school robotics team built this robot!

Watch for: - What does it **sense**? - What does its **program** tell it to do? - What is its **job** in competition?

Ask us anything!

Engineers SHARE their work 📣

When engineers build something cool, they show the world:
- At competitions 🏆 - In presentations 🎤 - On websites 💻

Today, **YOU** get to share YOUR robot!

Prepare your Robot Reveal ✨

Your 1-minute presentation — just fill in the blanks:

1. “My robot’s name is _____”
2. “The problem it solves is _____”
3. “It senses _____ and then it _____”
4. “If I built it again, I would change _____”

Presenting tips from the pros 🎤

- Speak **LOUD** enough for the back row
- Look at your **audience**, not the floor
- **Hold your robot up** so everyone can see
- Smile — you built something awesome! 😄

Practice with a partner two times!

Showcase time! 🎬

- Present your robot to the group
- Everyone claps for every presenter 👏
- Mentors will ask one friendly question

There are no wrong answers — it’s YOUR design!

You did it! 🎉

Today you: - ✅ Saw a real competition robot up close - ✅ Prepared a presentation - ✅ Presented to an audience - ✅ Answered questions like a pro

You completed the whole Robotics badge series! 🥳

Keep going! 🚀

- Ask about **FIRST LEGO League** — robotics teams for your age!
- Visit **firstinspires.org** with a grown-up
- Show your family your robot tonight
- Your troop leader will confirm your badges — wear them proudly!
